The longer you are insured with State Farm, and the fewer claims you have, the lower your premium. Premium adjustments under the Claim Record Rating Plans are based on the number of years you have been insured with State Farm and the number of claims that we consider for rating. Claims considered for rating generally include claims resulting in a paid loss, but we do not consider certain claims such as catastrophe claims arising from natural disaster or weather-related claims. For further information about the Claim Record Rating Plan and the claims we consider for rating, please contact your State Farm agent.

Your coverage amount....

It is up to you to choose the coverages and limits that meet your needs. We recommend that you purchase a coverage limit at least equal to the estimated replacement cost of your home. Replacement cost estimates are available from building contractors and replacement cost appraisers, or, your agent can provide an Xactware estimate using information you provide about your home. We can accept the type of estimate you choose as long as it provides a reasonable level of detail about your home. State Farm® does not guarantee that any estimate will be the actual future cost to rebuild your home. Higher limits are available at higher premiums. Lower limits are also available, which if selected may make certain coverages unavailable to you. We encourage you to periodically review your coverages and limits with your agent and to notify us of any changes or additions to your home.
